NOTE: The Bureau is well aware of the publications and lectures given throughout the country by Kenneth Goff, a self-admitted former Communist Party member. He has been described by our Denver Office as a border-line "psychopath." He disseminates much literature in which he supposedly tells of plans formulated by the Communist Party back in the 1930's, including allegations that he has recalled the Communist Party plans to poison water supplies through fluoridation.

Dear Sir:

Two booklets, "Confessions of Stalin's Agent" and "Red Shadows", by Kenneth Goff, P. O. Box 116, Englewood, Colorado, a former communist, have been given to me to read. These booklets were printed by The Manney Company, 1041 Isbell Road, Fort Worth 14, Texas. Before I read them, I would like to find out if the information is authentic and true as Mr. Goff presents in these booklets.

In the first few pages of "Confessions of Stalin's Agent" Mr. Goff states that he was invited to attend a "Workers School" at the University of Wisconsin in 1935 where he and a group learned about Communism--and the course was Communist controlled. He inferred that it was government promoted--referred to it being a New Deal project, completely Communist controlled. He also stated that the FERA made the contacts for this "Workers School".

I would very much appreciate any information about these booklets that will be helpful in evaluating them.

Sincerely yours,

Dear Mr. Hoover

I have become very interested in the communist threat and in a program for Americanism through the Jaycee organization. I have been reading some pamphlets by a Mr. Kenneth Goff who claims to be an ex. Communist. The first article I swallowed hook line and sinker and I really became aroused, but some of his other articles have got me wondering whether his line of reasoning is really the one to follow or not. I have learned that the Communists are artists at using any given situation, to their best advantage. I do not wish to ever be used as an unwitting tool in what is to follow in the next few years. The only way I can be sure of my source of information is to go to the top, and that is why I am writing to you. Would you please let me know if Mr. Goff is reliable. In either event I feel I can be of use to the cause. I am sorry to take up your time but I think it is important. I feel that it is time America woke up and actually did something, on a local level, as well as national, to combat our worst enemy.

Sincerely yours

Dear Sir:

Enclosed is a copy of the booklet, "Brain-Washing", distributed by Mr. Kenneth Goff (P. O. Box 116, Englewood, Colorado), who says it is a "synthesis of the Russian textbook on psychopolitics." I am very much impressed with this publication, and would like to distribute it widely if Mr. Goff's description of it is accurate. Is it taken from a Russian textbook, written to train communists from the United States?

If you do approve of this publication, I would like to place a copy of your answering letter in each booklet I distribute. I am sure that many more people would read and believe the fantastic contents of this booklet if it contained such a letter. However, if you do not want your letter copied, please say so. My primary objective is your opinion of the validity of the text. You may keep the enclosed copy if you like, either for personal use or for your files.

Mr. Goff also offers two other booklets: "Red Shadows" and "Reds Promote Racial Warfare." If you are familiar with these titles, I would like your opinion of them, too. I have not read either of them, but I am interested in obtaining them for my own knowledge and circulation among interested friends.

A friend told me that you have been pressured to step down from your post as Director of the F.B.I., and I want to urge you to stand firm in refusing to do this. We need you very badly where you are, not only for your daily work, but because of the recognition and respect which your name commands.

Thank you very much for your time and for the excellent work you continue. America is very proud of her Federal Bureau of Investigation!

EDITORIAL NOTE

From May 2, 1936, to October 10, 1939, I was a dues-paying member of the Communist Party, operating under my own name Kenneth Goff, and also the alias John Keats. In 1939, I voluntarily appeared before the Un-American Activities Committee in Washington, D. C., which was chairmaned at that time by Martin Dies, and my testimony can be found in Volume 9 of that year's Congressional Report.

During the period that I was a member of the Communist Party, I attended their school which was located at 113 E. Wells St., Milwaukee, Wisconsin, and operated under the name Eugene Debs Labor School. Here we were trained in all phases of warfare, both psychological and physical, for the destruction of the Capitalistic society and Christian civilization. In one portion of our studies we went thoroughly into the matter of psychopolitics. This was the art of capturing the minds of a nation through brainwashing and fake mental health—the subjecting of whole nations of people to the rule of the Kremlin by the capturing of their minds. We were taught that the degradation of the populace is less inhuman than their destruction by bombs, for to an animal who lives only once any life is sweeter than death. The end of a war is the control of a conquered people. If a people can be conquered in the absence of war the end of the war will have been achieved without the destructions of war.

During the past few years I have noted with horror the increase of psychopolitical warfare upon the American public. First in the brainwashing of our boys in Korea, and then in the well-financed drive of mental health propaganda by left-wing pressure groups, wherein many of our states have passed Bills which can well be used by the enemies of America to subject to torture and imprisonment those who preach the gospel of our Lord and Saviour Jesus Christ, and who oppose the menace of Communism. A clear example of this can be seen in the Lucille Miller case. In this warfare the Communists have definitely stated: "You must recruit every agency of the nation marked for slaughter into a foaming hatred of religious healing."

Another example of the warfare that is being waged can be seen in the attempt to establish a mental Siberia in Alaska, which was called for in the Alaskan Mental Health Bill. A careful study of this Bill will make you see at once that the land set aside under the allotment could not be for that small territory, and the Bill within itself establishes such authority that it could be turned into a prison camp under the guise of mental health for everyone who raises their voice against Communism and the hidden government operating in our nation.

This book was used in underground schools, and contains the address of Beria to the American students in the Lenin University prior to 1936. The text in the book in general is from the Communist Manual of Instructions of Psychopolitical Warfare, and was used in America for the training of Communist cadre. The only revision in this book is the summary, which was added by the Communists after the atomic bomb came into being. In its contents you can see the diabolical plot of the enemies of Christ and America, as they seek to conquer our nation by subjecting the minds of our people to their will by various sinister means.

This manual of the Communist Party should be in the hands of every loyal American, that they may be alerted to the fact that it is not always by armies and guns that a nation is conquered.

AN ADDRESS BY BERIA

American students at the Lenin University, I welcome your attendance at these classes on Psychopolitics.

Psychopolitics is an important if less known division of Geo-politics. It is less known because it must necessarily deal with highly educated personnel, the very top strata of "mental healing."

By psychopolitics our chief goals are effectively carried forward. To produce a maximum of chaos in the culture of the enemy is our first most important step. Our fruits are grown in chaos, distrust, economic depression and scientific turmoil. At least a weary populace can seek peace only in our offered Communist State, at last only Communism can resolve the problems of the masses.

A psychopolitician must work hard to produce the maximum chaos in the fields of "mental healing." He must recruit and use all the agencies and facilities of "mental healing." He must labor to increase the personnel and facilities of "mental healing" until at last the entire field of mental science is entirely dominated by Communist principles and desires.

To achieve these goals the psychopolitician must crush every "home-grown" variety of mental healing in America. Actual teachings of James, Eddy and Pentecostal Bible faith healers amongst your misguided people must be swept aside. They must be discredited, defamed, arrested, stamped upon even by their own government until there is no credit in them and only Communist-oriented "healing" remains. You must work until every teacher of psychology unknowingly or knowingly teaches only Communist doctrine under the guise of "psychology." You must labor until every doctor and psychiatrist is either a psycho-politician or an unwitting assistant to our aims.

You must labor until we have dominion over the minds and bodies of every important person in your nation. You must achieve such disrepute for the state of insanity and such authority over its pronouncement that not one statesman so labeled could again be given credence by his people. You must work until suicide arising from mental imbalance is common and calls forth no general investigation or remark.

With the institutions for the insane you have in your country prisons which can hold a million persons and can hold them without civil rights or any hope of freedom. And upon these people can be practiced shock and surgery so that never again will they draw a sane breath. You must make these treatments common and accepted. And you must sweep aside any treatment or any group of persons seeking to treat by effective means.

You must dominate as respected men the fields of psychiatry and psychology. You must dominate the hospitals and universities. You must carry forward the myth that only a European doctor is competent in the field of insanity and thus excuse amongst you the high incidence of foreign birth and training. If and when we seize Vienna you shall have then a common ground of meeting and can come and take your instructions as worshippers of Freud along with other psychiatrists.

Psychopolitics is a solemn charge. With it you can erase our enemies

C/D Correspondent enclosed with her letter a copy of a booklet entitled "Red Shadows" by Kenneth Goff. This booklet claims to be the "Red's Blueprint for World Control by 1970." The book indicates the author was, for four years, a member of the CP; that he served on the National Committee of the Young Communist League and on the National Board of the American Youth Congress. She also desired to know whether or not Lucille Ball, Frank Sinatra and [REDACTED] are fellow-travelers of the CP and whether or not [REDACTED] is a sympathizer of world government. She also desired to know whether or not the United Nations is anything more than a sounding board for communist propaganda and along with UNESCO, a grave threat to our national security.

Would you please read this pamphlet and tell me whether or not it is Communist propaganda? After reading it I was left with the feeling that the Communists are all conquering and will soon rule the world, even though, by my standards, they are wrong.

Also, could you tell me if Lucile Ball, Frank Sinatra, and are fellow travelers of the Communist party, and if is a sympathizer of world government?

One more thing. Do you believe the United Nations to be little more than a sounding board for Communist propaganda and, along with UNESCO, a grave threat to our national

ABOUT THE AUTHOR

The author of "Red Shadows" was, for four years, a member of the Communist Party. He was recruited into it by Eugene Dennis, the present National Secretary of the Communist Party, who has served time in Atlanta prison for conspiring to overthrow the United States Government.

Kenneth Goff served on the National Committee of the Young Communist League and on the National Board of the American Youth Congress. He also was a member of the Wisconsin State Board of the Communist Party.

Kenneth Goff resigned from the Communist Party and voluntarily appeared before the Dies Committee in Washington, D. C., with vital documents showing the conspiratorial aims, purposes and methods of the Party in this country. His revelations may well have started the anti-communist wave of protest that is sweeping America.

The author of this book is a man, who but for the Grace of God, might have been the 12th man in the trial of the leading Communists. Since his conversion and appearances before the Dies Committee, he has served on numerous occasions as an expert witness on Communism, for the Federal Government. He is one of the best living authorities on this subject.

SWORN AFFIDAVIT OF REV. KENNETH GOFF AGAINST FLUORIDATION

To Whom It May Concern:

I, Oliver Kenneth Goff, was a member of the Communist Party and the Young Communist League, from May 2, 1936 to October 9, 1939. During this period of time, I operated under the alias of John Keats and the number 18-B2. My testimony before the Government is incorporated in Volume 9 of the Un-American Activities Report for the year 1939.

While a member of the Communist Party I attended Communist underground training schools outside the city of New York; in the Blues Hall, and 113 East Wells St., Milwaukee, Wisconsin. The East Wells St. school operated under the name of the Eugene Debs School, here, under the tutoring of [REDACTED]

and others, we were schooled in the art of revolutionary over-throw of the established Government.

We were trained on how to dismantle and assemble mimeograph machines, to use for propanganda purposes during the revolution; how to work on guide wires and fuel lines of airplanes so that they would either burst into flames or crash to the ground because of lack of control; how to work on ties and rails to wreck trains; and also the art of poisoning water supplies.

We discussed quite thoroughly the fluoridation of water supplies and how we were using it in Russia as a tranquilizer in the prison camps. The leaders of our school felt that if it could be induced into the American water supply, it would bring about a spirit of lethargy in the nation; where it would keep the general public docile during a steady encroachment of Communism. We also discussed the fact that keeping a store of deadly fluoride near the water reservoir would be advantageous during the time of the revolution, as it would give us opportunity to dump this poison into the water supply and either kill off the populace or threaten them with liquidation, so they would surrender to obtain fresh water.

We discussed in these schools, the complete art of revolution; the seizure of the main utilities, such as light, power, gas, and water; but it was felt by the leadership, that if a program of fluoridating the water could be carried out in the nation, it would go a long way toward the advancement of the revolution.

The above statements are true.

Mr. John Edgar Hoover

Dear Mr. Hoover:

In my possession is a pamphlet entitled "Confessions of Stalin's Agent" by Kenneth Goff, Box 116, Englewood, Colorado.

My question to you concerns the truth of the contents. Was this all checked out by the Bureau and found to be valid?

I realize that it is possible for there to be over-zealous people in a right Cause, who have become so "carried away" by the frightening aspects of the thing they are fighting that often the truth becomes so entangled it is hard to tell where the thread of truth and half truth begins and ends.

Being just as determined that Communism shall not corrupt this Country for which my loved ones gave their lives in World War II, and in which I myself served in uniform, as the Communist are that it shall, I am reading as much as possible to acquaint myself with this evil which I have been in the dark about because of sheer negligence. However, I do not wish to absorb a lot of misinformation which only does greater harm to the Cause with which one is allied.

It is because it is so easy to be confused and confounded in these times that I ask for your help in giving me the proper information as regards the above mentioned pamphlet.

1. Has it been proved that the prominent people mentioned, i.e. Mrs. Eleanor Roosevelt, are fellow travelers and or sympathizers? If so, why have they not been named right out? (It is not hard for me to believe it of different ones mentioned, as their actions have puzzled me for some years.)
2. Am I to understand that this horrible thing is spearheaded and run by an inner sanctum of Jews? (I have always heatedly defended the Jewish people, pointing out that non-Jews were just as guilty of doing those things they accused the Jewish people of doing.)

Mr. Hoover, I seem to understand more and more what is meant by "---times that try men's souls". As you so kindly answered my request for data on the crime trend among young people a few years ago, will you once again help me in sifting the truth from half-truths and personal opinion.

Very truly yours,

Thank you for being the
kind of man you are

SUBJECT: INQUIRY FROM [REDACTED]

SENATOR STROM THURMOND, RE
BOOKLET "BRAIN-WASHING, A SYNTHESIS
OF THE RUSSIAN TEXTBOOK ON PSYCHOPOLITICS"

BACKGROUND:

You will recall that by letter to you (Mr. DeLoach) dated August 29, 1961, [REDACTED] enclosed a copy of captioned booklet and advised that he had been informed that the booklet's contents originated with the FBI. He asked if you (Mr. DeLoach) could vouch for its authenticity.

INFORMATION IN BUFILES:

Captioned booklet has been brought to this Bureau's attention numerous times in the past. Some copies indicate the author to be [REDACTED]. Some are allegedly issued by Kenneth Goff, Post Office Box 116, Englewood, Colorado, while others are allegedly issued by [REDACTED] Hubbard Dianetics Research Foundation, Box 242, Silver Spring, Maryland.

The Bureau has no information concerning the "Communist Manual of Instructions of Psychopolitical Warfare" on which the above booklet is allegedly based. A review of this booklet by the Central Research Section of the Bureau reveals that the authenticity of the booklet seems to be of doubtful nature since it lacks documentation of source material and communist words and phrases. Also, there are no quotations from well-known communist works as normally would be used in a synthesis of communist writings.

Bufiles reflect that Kenneth Goff in 1952 was considered to be a borderline psychopathic case. In recent years he has been lecturing throughout the U. S. against communism. He has published several sensational books concerning his past CP activities. He claims to have been a CP member from 1936 to 1939 and has been interviewed on several occasions by the Denver Office. Goff was investigated by the Bureau in 1947 in connection with his activities with others in placing signs of a derogatory nature in front of the Russian Embassy in Washington, D. C. He was fined \$100, U. S. District Court, Washington, D. C., in February, 1948. (100-352653, 62-80382)

Re: Inquiry From [redacted]

Bufiles contain no identifiable data concerning [redacted]

The [redacted]

[redacted] (62-94080-27)

Nothing is contained in Bufiles which would furnish any basis whatever to justify the allegation that the contents of the above-described booklet originated with the FBI.

OBSERVATIONS:

Captioned document is apparently a thinly-veiled attack upon mental health programs along the line that such programs are a part of the world-wide communist conspiracy. It is apparently being circulated by persons of highly questionable background and, in some instances, sanity.

RECOMMENDATION:

That either you (Mr. DeLoach) or someone in your office contact [redacted] and furnish him, on a confidential basis, appropriate excerpts from the information set forth above.

Re Kenneth Goff

Dear Sir:

I sincerely hope that my apprehension about the above named person are unfounded. I cannot in view of the evidence convince myself that I am wrong in my doubts about this man.

I believe that I have positive proof that Kenneth Goff has lied about how and where he lost his leg. In a book written by Goff entitled, "Confessions of Stalin's Agent" on pages 61 and 62 he tells that the accident which caused him to lose his leg was one planned and carried out by fellow members of the Communist Party. He states that he lost his leg under the electric railway train in Sheboygan, Wisconsin.

A friend of mine, [redacted] has made a thorough search of hospital, police and county sheriff records and no one can find any record of such an accident. [redacted] has also talked to the man who was agent for the electric railway in Sheboygan for many years before the railway went out of business. This is suggest that you have someone talk to [redacted] as soon as possible for he is in ill health and near ninety years of age. The man who was the agent for the railway still lives in Sheboygan. The addresses for these two men are [redacted]

and the railway agent: [redacted]

[redacted] sent me a statement by [redacted] last year which I forwarded to the House Un-American Activities Committee. The statement from [redacted] was that never in the history of the railway in Sheboygan had any person lost a leg under the trains.

I have heard Kenneth Goff speak only one time. And, that was on a Saturday night in November 1960 and was the day following the close of [redacted] Anti-Communism School at the Biltmore Hotel here in Los Angeles. Mr. Goff spoke in the Assembly Auditorium in the Embassy Hotel, Los Angeles. Mr. Goff devoted a part of his talk to ridicule of [redacted] I was amazed by this for I believe that Goff had met [redacted] that afternoon just about three hours before he spoke against him.

On the day that Kenneth Goff spoke in Los Angeles in November 1960 I was walking on Hill Street in Los Angeles and I passed the stair doorway of a second rate hotel. I have never met [redacted] But, I had seen him in the coffee shop of the Biltmore Hotel just a few days before I saw him standing in that stair doorway. Just a few yards past that doorway I passed a man who walked with a limp. I suppose that I would not have been the least impressed by the man had he not have been of such a pronounced albino coloring. As I turned the corner I looked back to get a second look at the albino. He had disappeared. The only place where he could have gone was into the stair doorway. There were no cars parked on that side of the street. I wondered at the time if he were one of the [redacted] workers and had met [redacted] I remember that it was raining and did rain much harder later in the afternoon.

I was amazed that evening when the albino whom I had seen on the street walked into the Assembly Auditorium of the Embassy Hotel. I was even more amazed when the woman with me introduced me to the albino and I learned that he was Mr. Kenneth Goff. And, again I was amazed when Goff ridiculed Dr. Schwarz and his Anti-Communism School for I felt positive that Goff had turned into the doorway where Dr. Schwarz was standing. Dr. Schwarz can always be identified by a red satin ribbon string tie.

As I listened to Kenneth Goff speak that evening I could not hear any thought spoken that was not to breed fear of Communists and contempt for the American Capitalistic system. Kenneth Goff seems to fancy himself a capable lay-minister. He read from the Bible, then announced his text as, "The Mark of the Beast". He preached for about thirty minutes trying to show that the dollar sign and the American Capitalistic system is the mark of the beast. He brought out the fact that [redacted] was getting rich off of the nerves and apprehension of the American people. Then, he launched into a tirade about the horror of his experience when the communists knocked him under the wheels of the electric railway in Sheboygan. He told of his constant fear of the communists. He said that he was never far away from his bodyguards. I looked around the half-filled lower floor and empty balcony and noticed that the door which led to the alley way between the buildings was wide open and wondered if he was as afraid as his words were describing him to be. He spoke for an hour and then announced that he would answer questions for 20 minutes. He had answered only four or five questions when a woman asked him a question which angered him and he immediately closed the meeting. Many of the questions had to do with his sermon on the mark of the beast.

A woman [redacted] at the meeting said that Goff had lost his leg and the sight of one eye from diabetes. She claimed to have known him when he was a child in another State. And, all during his telling of how he lost his leg, she kept looking at him and would often shake her head, signifying "No".

Another episode has caused me to wonder about Goff. During the week that [redacted] was holding his School in November 1960 Earl Browder was in Los Angeles and appeared on three television programs. This has seemed strange to me. Browder and Goff in town during the same week!

I recently called the Embassy Hotel Auditorium rental agent and asked the rate on the Assembly Auditorium. I was told that the rate is \$55.00 per meeting. The night that I heard Goff speak there he did not take in enough to pay the rent. And, I have been told that his meeting there in September filled about two-thirds of the seats. I was told that the hall will seat 200 persons. The night that I heard Goff speak I counted the house and there were only eighty-two people there. The majority of his followers are old men and women. They are probably all on pensions. They are poorly dressed and they put only dimes and nickels into his paper bags.

Goff never has any newspaper publicity when he is coming to Los Angeles. He sends cards to his regulars and that is his only announcement of his speaking date. This year August 1961, I called the Embassy rental agent to ask when Kenneth Goff would be in town. I made my telephone call on Friday which was the final day of the Schwarz Anti-Communism School. I was told that Goff had been in on Wednesday of that week to rent the hall for the next night which was Saturday. The rental agent informed me that there was no hall available for Kenneth Goff until Sept 16 and that he had reserved the Assembly Auditorium for that night. Had Kenneth Goff been able to rent a hall on Wednesday for the following Saturday night he would have mailed cards to perhaps a hundred regulars without any more publicity. His collection for one of the meetings does not pay the rent on the hall.

b6
b7c

A friend attended his meeting on Sept. 16, 1961 and told me that Kenneth Goff had just gotten in from Galveston, Texas. This I wonder about! In 1960, he left Los Angeles and went to a shipping port, San Francisco just after the close of the Schwarz School. This year 1961, he comes to Los Angeles without a hall reserved. This was at the close of the Schwarz School and he left here for a shipping port. Where does all of the money go that [redacted] takes in? I recently saw a report in a local paper that Ernst and Ernst, public accountants, had added [redacted] five day take in Los Angeles and [redacted]. Why is Kenneth Goff in town at the close of the Anti-Communism School and why is his next stop a shipping port?

No real showman would follow a big show like the one [redacted] puts on with a miniature of the same type of show and with almost no publicity. I am positive that Kenneth Goff is still doing service for the Communists. I believe that messenger service is all that he is physically able to do. I won't be surprised when I read the headlines one of these days and the story breaks that Kenneth Goff has been serving the Soviet Union by getting the money that [redacted] is fleecing the ~~xxxx~~ Americans off into proper hands at a seaport so that can be delivered to the Communists.

I am your servant. If I can aid in anyway, command me.

Sincerely yours

Dear Sir:

Re: Kenneth Goff

I have just attended a so-called "anti-communist" rally, led by one Kenneth Goff, who claims to be an ex-communist. However, I can come up only with the conclusions that he is still championing the cause of communism, by sowing seeds of dissension among church people, by sowing seeds of distrust of our public officials, and by adding fuel to already existent hot issues, such as racial distrust, etc.

In spite of what he says, on the surface, there seems to me to be three real objectives behind his presentation:

- 1) the known communist approach of destroying people's faith in the Church, by pitting people against their pastors, by encouraging the squabble between the American Council of Churches and the National Council of Churches, and by holding up to ridicule some of our most prominent clergymen.
- 2) shaking people's faith in our government by making people feel that our public officials just don't know what is going on (while he has all sorts of inside information) or are deliberately selling us down the river to the communists; he does this by negative references to our Presidents, our State Department, our ambassador to the United Nations, our Supreme Court justices, and the United Nations (which he advocates we withdraw from and get removed from the United States).
- 3) spreading the notion that the communists have succeeded so well and are so far along on their timetable toward conquest of the United States and the world that their cause is all but won, including the psychology of fear motif through emphasizing the horrible treatment Fidel Castro has in store for the clergy and other church leaders "when they invade us". He had not one constructive or positive thing to say regarding what can be done to stop this rapid advance of communism. He leaves the people with an air of futility, which I think is intentional. He also brought in his claim that three million negroes will rise up to destroy every white man, woman, and child "when the communists invade us".

EX-115 REG-34 62-80382-122

In view of the fact that I am an ordained Methodist minister and a public school teacher (who did everything I could to get my students out to hear this man), I want to know two things: 1) is this man still a communist? 2) what is fact and what is fiction of what he says? A tape recording of what he said tonight was made and should be available to your investigating officers, if desired.

Yours very truly,

Your letter postmarked November 20, 1961, was received as Mr. Hoover was leaving the city. Before he left he asked me to advise you that the jurisdiction and responsibilities of the FBI, strictly an investigative agency of the Federal Government, do not extend to furnishing evaluations or comments concerning the character or integrity of any individual, organization or publication. In addition, the FBI does not issue clearances or nonclearances of any type. I am sure you will understand the necessity for this policy and why he cannot offer any advice regarding your joining groups of the type you mentioned.

Mr. Hoover has always encouraged our citizens to educate themselves to the true nature and methods of the communist movement in order that they may intelligently resist the zealous efforts of its adherents to destroy our form of government. This knowledge also helps to avoid the danger of confusing communism with legitimate dissent on controversial issues. We cannot use vigilante action or action outside the law in combating communism. It is suggested that you may desire to read his book, "Masters of Deceit," which relates the story of communism in America and how to fight it. You may be able to obtain a copy of it at your local library.

Dear Sir;

Kenneth^o GoFF

I have been exposed to a very serious problem. I am going to the Pacific Bible Seminary in Long Beach California, and there are a couple of fellows here who are members of an Anti-Communist organization.

After talking many times with them I have become intrested in joining this group. My problem is:

Should I join this group, which is supposedly a secret organization because the publicity of some of our newspapers would do serious damage to them, how would I know this is an organization which is on the "up and up"? What should a person know about how communists work before they join such a group?

I am under the impression that there are many such organizations which are communists fronted. How does a person tell if what he has joined is one of these or if not.

Also, I would appreciate a run-down on a person named Dallas Roquemore - (Dallas Roquemore)

This group is apparently on the "straight and narrow." However it is my impression that they have now and have never gone under any particular name. The impression I also get is that they are not registered with the Federal Bureau of Investigation. I understand that this is supposedly required.

I would also like to go on record as one who is dedicated to God an to fighting Communism. I am going out and speaking and sometimes showing films on this subject such as:

CHAMPION WRESTLER

My experience at the national intercollegiate wrestling tournament will remain very vivid in my memory for quite some time. Being voted the "Outstanding Wrestler" meant that I had finally reached the top in collegiate wrestling.

I was so amazed that I could hardly believe my ears. Yet even as I stood in Cornell's spacious Barton Hall, shaking hands with the man who had just awarded me the trophy, I couldn't help but remember the words that the Apostle Peter had written: "All flesh is as grass, and all the glory of man as the flower of the grass."

Although winning had previously seemed to be so very important, I became keenly aware of the fact that it really wasn't the most important thing in the world, and if I hadn't won I'd still live through it! That night as I prayed, my heart was filled anew with gratitude and praise to God, not so much because of what had happened that night, but because of what God had done for me many years before when I awoke to my sinful condition and accepted Jesus Christ as Lord and Saviour of my life. I have found that a personal relationship to God through His Son, Jesus Christ, is the key to real joy and lasting satisfaction.

Have you let Him come into your heart, cleanse you from sin, and give you a real purpose for living?

[Redacted Address]

Dear [Redacted Name]

I have received your letter of January 30th, and the kind sentiments you expressed relative to the work of my associates and me are certainly appreciated. It is my hope that our future endeavors will warrant your continued support and approval.

While I would like to be of help, the FBI being an investigative agency of the Federal Government, neither makes evaluations nor draws conclusions as to the character or integrity of any organization, publication or individual. In view of this, I am sure you will understand why I am unable to comment in the manner you have suggested.

Your grave concern typifies that of many citizens. I have always strongly believed that if we are to effectively combat the evil conspiracy of communism, it is imperative that we endeavor to exhibit in more positive ways the value and superiority of our form of government over any foreign ideology. The extent of the menace posed by the philosophy of communism is clear-cut and obvious, and it is absolutely necessary that we attack and oppose it calmly, rationally and objectively.

Too many self-styled experts on communism with their fondness for large collections at lectures, without valid credentials and without any access whatsoever to classified factual data regarding the inner workings of this conspiracy, have engaged in rumormongering and hurling false and wholly unsubstantiated allegations against people whose views differ from their own. This is dangerous business. It is divisive and unintelligent, and makes more difficult the task of the professional investigator.

Enclosed are several items relating to the communist problem, some of which contain suggestions as to how we can combat these subversive

Dear Mr. Hoover,

Am writting you in concern of a book I am reading.
 ① It's title is "Confessions of Stalin's Agent", written by Kenneth Goff. Would like you to get a copy of this book and read it. After doing so, I would like for you to write me as to your view points contained therein. Would like to know if all he says is true.

I know the United States is in great peril from the threat of communism and want to do all that is humanly possible to help in the fight against this great threat against our democracy and the threat against the churches of Our Lord Jesus Christ. The one way I know of fighting is by believing in Jesus Christ and helping others come to believe through His words of the Bible. Also by living and doing as He would have us to do.

Would greatly appreciate greatly any and all information on communistic works in America and also which ways we as Americans can help put a stop to this work against God and our Country He has Blessed us with.

Would be most grateful for an answer as soon as possible. Thank you for the great job you and your fellow workers have done for the American public. I know it must be a very taxing task.

Sincerely,

Dear Mr. Hoover,

As a schoolteacher, I am desirous of your experienced opinion as to the truth of a publication called, "Brain-Washing" - a synthesis of the Russian Textbook on Psychopolitics. The editorial note has Kenneth Goff's name at the end. It is published by TRUTH, INC., P.O. box 10188 - Fort Worth, Texas.

I read this publication last year and am presently doubly concerned because of a mental-health movement being started in this community seemingly based on some of the pattern given in this book. While this group has been forming, there has been an increased flurry of comment about juvenal delinquency, and the great increase of numbers in state hospitals, or increase in mental maladjustment.

If the above publication is a radical, sensational or misleading one, I'd like to be forewarned. Otherwise, I'd like to join with others in keeping our constitutional rights if there is need for investigating and concern, in this mental health movement. Any information which you give me will be greatly appreciated.

I am interested in some background information upon the above-named individual, for we are contemplating obtaining him as a public speaker for some of the students at Knox College, Galesburg, Illinois. I was advised by him that he at one time was a member of the Communist party, but since has broken from that party and is now a lecturer upon the methods of that party. He advised me that in the 30's he was one of the early witnesses before the Dies Committee.

If this information is available, will you kindly advise me as to whether or not he would be a proper person to represent the interests of our country in such an endeavor.

Dear

Your letter of June 12, 1962, has been received.

It is always encouraging to hear from citizens who demonstrate an awareness of the problems facing our country and who desire to prepare themselves and others to meet the atheistic challenge to our freedoms presented by communism. A broad knowledge of the objectives and operations of the communist movement is essential if the American people are to effectively resist its eroding influence.

Too many self-styled experts on communism, without valid credentials and without any access whatsoever to classified factual data regarding the inner workings of this conspiracy, have engaged in rumormongering and hurling false and wholly unsubstantiated allegations against people whose views differ from their own. This is dangerous business. Such activity makes more difficult the task of the professional investigator.

Attached is a statement which was reproduced by an acquaintance of mine from the May 1962 issue of The Pilgrim Torch. As you can see, the statement was attributed to you by that publication.

I would greatly appreciate confirmation of the fact that this statement was made by you. I heartily agree with the statement regardless of who made it; however, since I wish to attribute it to you in discussions with friends of mine, I would appreciate knowing that you did or did not make it and, if you did, that it is a reasonably accurate quotation.

In addition, may I have a copy of your December 7, 1961, speech accepting the Mutual of Omaha Criss Award?

THE TROJAN SNAKE

by

J. Edgar Hoover

It is beyond my comprehension that some allegedly loyal citizens of our country should be reluctant to proclaim their devotion to our democratic ideals. It is repugnant to me that the pseudo-liberals pride themselves upon being internationalists and view the emotion of patriotism as evidence of decadence and weakness. In some circles, I regret to say, the word patriotism has become a dirty word, and belief in God old-fashioned, if not "ridiculous."

immortality (?)
We need more than ever to rekindle the spirit of patriotism. We have long since reached the time when loyal Americans must be willing to stand up and be counted. We are living in an era when staunch beliefs are needed to conquer the patent lies of Communism and the creeping immortality of crime. It takes intelligence, rare courage and bulldog determination to fight these twin evils.

Fear, defeatism and cowardice have no place in the hearts and minds of true Americans. America has always been a land of great champions, produced by the fires of adversity. Extraordinary men and women since 1776 have achieved extraordinary obstacles. We must be real champions of America if we are to defeat our enemies within and without.

In combating the encroachment of socialism and Communist espionage, America must adhere to the laws of God and man. As a result, our fight is doubly difficult because of our regard of the code of morality.

Alert Americans look with frank suspicion on those articulate apologists for Soviet imperialism who are so quick to criticize our security measures and attack our elected representatives who resolutely withstand the international diplomatic blackmail practiced by the Communists. Beware of those who preach that America should never be first in anything but disarmament and demobilization!

The proximity of danger is especially apparent to us here today, as less than 100 miles from our shores a gang of bearded bandits exhibit daily the chaos and corruption which closely follow the dictatorial usurpation of power. The Communist-inspired developments in Cuba graphically demonstrate the cold-blooded ruthlessness of tyrannical rule.

There, the Trojan snake of Communism has discarded its disguise for brute force and slaughter. Communism, shed of all its false smiles, is on its bloody march again, not only in Cuba, but in every country of the world.

We have failed in our educational processes to inculcate the basic element of American history, our philosophy of government and our moral and spiritual foundations. It is time to make our history and traditions glow and throb.

The teachings of God, if followed, will prevent criminality. The stabilizing force of religion is needed more today than ever before. A child who has been taught to respect the laws of God will have little difficulty respecting the laws of man.

Our nation today needs leaders and citizens of unusual vigor and foresight. America can rise no higher than the individuals who walk her streets, conduct her business, teach her young make her homes and attend her churches.

Reverence for our democratic ideals and unlimited faith in God can help us recapture our national moral strength and retain the freedom safeguarded so dearly with the blood of our comrades in arms.

The challenges of today, though different in nature, are no more formidable than those overcome by our Founding Fathers. The question is whether the same pioneering spirit of determination to succeed exhibited by our heroes of history can be mustered by our people in opposition to the varied assaults on our way of life.

I wish to inquire concerning the authenticity of a certain book recently come into my possession. The title of the book is "Brain-Washing" and is written by a man named Kenneth Goff whose address is P. O. Box 116, Englewood, Colorado. He claims to have been a member of the Communist party from May 2, 1936-Oct. 10, 1939, operating under his own name Kenneth Goff and also the alias John Keats. In 1939 he claims to have voluntarily appeared before the House Committee on UnAmerican Activities in Wash. D. C. whose chairman at that time was Martin Dies. He states his testimony can be found in volume 9 of that year's Congressional Report.

This book, a synthesis of the Russian textbook on Psychopolitics reveals such unbelievable and awful facts that I feel one needs the stamp of approval of the F. B. I before one allows oneself to accept it as truth.

It is very important to me that I should have your advice on what my attitude toward this book should be, as I am, I'm afraid, a naturally suspicious kind of person. An early reply would be much appreciated I assure you.

I wish also, as an ordinary citizen, to take this opportunity to say "Thank you" to you for your unselfish and faithful service to our beloved America.

Sincerely yours,

Dear Sir,

I am enclosing for your inspection an article-- "entitled letters to Editors" from Harper's-- June 1962 - re-ferring to "Mental Health" drive as being communistic for destruction of the mind. There are so many drives for charity in Miami Beach - Florida. When these parties are given in a fine home by respected people - one has no idea of the real meaning of the society. Mental Health makes one sympathetic so one buys tickets without knowing. [redacted] of Sunset Island #2 Miami Beach - Fla. also [redacted] (can't remember his name), who lives just off the 79th St. cause way Miami Beach Fla are both at the head of "Mental Health" but [redacted] seems to be the real head. If this article is correct - should not the newspapers - warn people. For I do not care to subscribe to anything communistic, yet I have donated by buying tickets to Entertainment - sponsored by these men.

Yours truly,

I have received your letter of October 19th and I certainly appreciate the kind sentiments you expressed relative to the FBI. It is my hope that our future endeavors will warrant your continued support and approval.

Dear Sir:

Like all housewives and mothers, I have many duties to perform; consequently, not a lot of time for reading and studying.

However, lately, some of Kenneth Goff's books have been passed around, namely: "Confessions of Stalins' agent," copyrighted by Kenneth Goff, publisher, 1948. (according to this book, a lot of prominent names as well as information was revealed to the Committee on Un-American Activities at Washington.)

"One World a Red World," copyrighted 1952 by Kenneth Goff. (which according to him reveals how our government is to be taken over by the communists.)

And "Brain-Washing," (according to the Editorial note, this is a manual of the communist Party which instructs on Psychopolitical warfare, and how to capture the minds of a Nation through brainwashing and fake mental health.)

After reading these books, I notice that a lot of daily news and happenings in our United States seem to be fitting right into the communist pattern of which Kenneth Goff talks about.

Now, I realize there are many questions I would like to ask which you probably should not make public; but will you please answer these for me? Has Mr. Kenneth Goff told the truth in these books? (There are others which I have not read.) If so, ten years and more is a long time for authorities in Washington to know so much about the communist party movements. I'm sure they know a lot more than Kenneth Goff tells.

We working people need to be conviently informed daily from a reliable source, and everyone I know relies on the Federal Bureau of Investigation for the truth. It seems to me that the F. B. I. Reports, or articles by J. Edgar Hoover do not make head lines very often.

How can busy people be better informed on the dangers of communism? What literature can be depended on for real truths? I think a lots of people are complacent because they just can't believe everything they read or hear.

I hope that I shall hear from you directly.

Respectfully yours.

For the information of the Bureau there is enclosed herewith a clipping of a newspaper article concerning KENNETH GOFF contained in the November 16, 1962 issue of the Topeka State Journal, a daily evening newspaper published in Topeka, Kansas.

A review of the files of the Kansas City Division reveals that GOFF is known to the Bureau. In October 1957, the Bureau advised the Kansas City Office that Bufiles reflect that in 1952 KENNETH GOFF was considered a borderline psychopath and that in recent years, he had been lecturing throughout the country against Communism. He has published sensational books concerning his past Communist Party activities. GOFF has stated he was a member of the Communist Party from 1936 to 1939.

No action is being taken in this matter by Kansas City.

Speaker Says Reds Working in Kansas

Communist party cells are in full swing in Kansas City, some operate in Wichita and a few, non-active groups are in Topeka, a former Communist leader told a Topeka Chamber of Commerce Freedom vs. Communism seminar Friday morning.

"There are some cells in Topeka," he said but they are not particularly active.

Kenneth Goff, Englewood, Colo., now a Communist fighter, said a Communist courier system is now in operation in the Fredonia-Chanute area.

Goff said he was not free to divulge the names of party members not already brought out in public testimony.

Goff said, in a question-answer period, he obtains his information from the Christian Underground, an anti-Communist movement; from party members and from church people familiar with the activities of the party.

ALTHOUGH Americans are not effectively fighting Communism, there is a current upsurge of anti-Communist groups, he said.

The rightist groups with closed memberships are the most effective, He said the work of the right-wing John Birch Society is "tremendous." He added he is not a member of the society.

His visit is sponsored by Evangelical Ministers' Fellowship.

Goff was a Communist from May, 1936 to October, 1939, being recruited from the campus of the University of Wisconsin.

There are about 30 Communists in top government positions such as assistant and undersecretaries, he claimed. These are the higher echelon of the some 2,000 party members in the federal government, he said.

In addition to speaking tours, Goff tapes radio broadcasts heard over 30 stations daily and writes for 54 monthly publications.

After a speaking engagement at Washburn University, he said he noted a left wing trend among the students.

"All you have to do is listen," he noted.

THE HEAD of the anti-Communist Soldiers of the Cross said the students were asking him questions from a San Francisco Communist manual.

In other statements he said:

- There are 28 Communists in high offices of the National Association for the Advancement of Colored People.

- The Peace Corps does nothing to fight Communism.

- The government is out to crush Gen. Edwin Walker over the Mississippi crisis.

- A Communist operation exists in the Pittsburg-Nevada, Mo.-Kirksville, Mo., area.

- "I don't believe General Walker did what he is accused of."

- About 1,400 young people have been recruited into the Communist party in the last 15 months.

- Today, the Communist party is better and stronger than it ever was.

One of the most effective ways to fight Communism is through study groups which arouse interest in the battle.

Late in 1939 he left the party and gave 300 pages of oral testimony to the Dies Committee in Washington, D. C.; also documentary evidence of Communists and their activities. He said he has aided in removing more than 150 members from the government.

Goff was scheduled to speak Friday at Topeka High School at 9:30 a.m., Municipal Auditorium at 1 p.m. and at Kansas State Teachers Association Building at 7:30 p.m.

My testimony before the Government is incorporated in Vol. 9 of the unamerican activities Report for the year 1939.

While a member of the Communist Pty., I attended Communist underground training schools outside the city of New York, in the buses hall and 113 east wells st. Milwaukee Wis. The east Wells St. School operated under the name of Eugene Debs. Here under the tutoring of Eugene Dennis, M. Sparks, Morris Childs, Jack Kling, and others, we were schooled in the art of revolutionary overthrow of the established Government.

WWe were trained on how to dismantle and assemble mineograph machines, to use for propaganda purposes during the revolution, how to work on guide wires, and fuel lines of air planes, so that they would either burst into flames, or crash to the ground because of lack of control: How to work on ties, and rails, to wreck trains; and also the art of poisoning water supplies. We discussed quite thoroughly the flouridation of water supplies and how they were using it in Russia as a tranquilizer in the prison camps. The leaders of our school felt that if it could be induced into the American water supply, it would bring about a spirit of lethargy in the nation where it would keep the general public docile during a steady encroachment of Communism. We also discussed the fact, that keeping a store of deadly fluoride near the water reservoir would be advantageous during the time of revolution, as it would give us opportunity to dump this poison into the water supply, and either kill or threaten them with liquidation, so that they would surrender to obtain fresh water. We discussed in these schools, the complete art of revolution; The seizure of the main utilities, such as light Power, gas, and water, but, it was felt by the leadership, that a program of fluoridating of the water could be carried out in the nation, it would go a long way toward the advancement of the revolution.

My dear Mr. Hoover:

Recently, a man by the name of Kenneth Goff whose address is Box 116, Englewood, Colorado addressed a breakfast group here in Topeka, Kansas. During the course of his speech he stated directly and indirectly that there were Communist cells in three institutions of higher learning in this vicinity. He named Cottey College of Nevada, Missouri; Pittsburg State College of Pittsburg, Kansas; and Kirksville State College at Kirksville, Missouri.

I happen to have friends in all three of these institutions in administrative positions. I am wondering if there is any foundation for his remarks about any or all of these institutions. Will you please give me any information that will help me refute or confirm his statements?

I have a letter from the President of the Supreme Chapter of P.E.O. Sisterhood which sponsors Cottey College asking me to provide Mr. Goff's name and address. I have dictated a letter to her furnishing that information.

Mr. Goff also said that a man by the name of [redacted] could give further information about such activities in and near Nevada, Missouri. May I hear from you at your earliest convenience?

By letter dated 2-17-63 Avery forwarded above captioned booklet advising that he has received several letters from constituents pertaining to this booklet distributed by Goff. He notes that for his own personal information and interest, he would appreciate any information the Director could give him regarding the authenticity and credibility of this publication as well as any background information on Goff. He also requests that this booklet be returned to him.

CONGRESSMAN WILLIAM H. AVERY:

Bufiles contain no derogatory information identifiable with Avery, Republican, Kansas, with whom we have had limited contacts. His wife was conducted on a tour of the Bureau on 1-29-58 and Avery and his son and his son's friend were conducted on a special tour of the Bureau on 1-2-59.

KENNETH GOFF:

Kenneth Goff, Post Office Box 116, Englewood, Colorado, is listed as the distributor of the booklet, "Brain-Washing" a Synthesis of the Russian Textbook on Psychopolitics. Bufiles reveal that Goff claims to have been a member of the Communist Party prior to 1939 and in recent years has been touring this country speaking on communism. The Denver Office has described Goff as a borderline psychopath.

"BRAIN-WASHING" A SYNTHESIS OF THE RUSSIAN TEXTBOOK ON PSYCHOPOLITICS:

This booklet has been brought to the Bureau's attention on numerous occasions in the past. The Central Research Desk in the Domestic Intelligence Division advised that its authenticity is of a doubtful nature. Goff and other persons known to be disseminating this booklet are anti-Semitic, allegedly anticommunist and anti-Negro. This booklet describes psychopolitics as the art and science of asserting and maintaining dominion over the thoughts and loyalties of individuals, officers, bureaus, and masses, and the effecting of the conquest of enemy nations through "mental healing."

Re: Congressman William H. Avery

It should be observed that either Avery or possibly one of his constituents who may have forwarded this publication to him wrote on the cover of this booklet "Note pages 45 and 46-49 Please!!" Parts of these pages which have been underlined in ink point out that psychopolitical operatives should be alert to the opportunity to organize "for the betterment of the community" mental health clubs or groups. Each of these groups then properly guided can bring legislative pressure against the government to secure adequately the position of the psychopolitical operative thus bringing a government to finance its own downfall. It further pointed out that where such groups have been formed they should be infiltrated and taken over noting that these groups form a political force, which can then legalize any law or authority desired for the psychopolitical operative.

OBSERVATIONS:

In view of above information pertaining to Goff's mental stability and the questionable authenticity of this booklet, it is felt this information should not be furnished Congressman Avery in a letter over the Director's signature. It is felt that Avery should be personally contacted and orally and confidentially furnished the above information.

RECOMMENDATIONS:

1. That the above information not be furnished Congressman Avery in a letter over the Director's signature.

2. [REDACTED] Kenneth Goff claims to have been a member of the Communist Party prior to 1939 and in recent years has been touring the country lecturing on communism. The Denver Office has described Goff as a borderline psychopath. Goff was interviewed by the Denver Office on October 10, 1960, and he stated that he had made no statements that would lead anyone to believe he was employed by, or connected with, the FBI.

AMERICA'S TRAGIC HOUR

The past month has seen a tragic event which will leave a dark blot upon the pages of our history for many years to come, if the Lord tarries.

The little town called Oxford in Mississippi, U. S. A. lies crushed and tattered by American military orders, with two dead, and seventy-eight wounded. Over two-hundred arrested including a heroic general and a governor under citation for "contempt of court"; while nearly sixteen thousand American troops kept a little American town under military control, and sets an example for what may yet happen in every village, town and hamlet in the U. S. A.

One asks, what is this all about? Who were the first agitators? And what were the problems and the issues involved?

A young negro student by the name of Meredith attending Jackson College in Jackson, Mississippi, along with his wife was chosen as a guinea-pig by the pro-red N.A.A.C.P. and taken out of school six months before he would have graduated to be sent as the first negro student to enter "Ole Mississippi."

Was this so important in a year when America was facing an international crises, or does the N.A.A.C.P. feel that these great strifes at home will keep our mind off the Kremlin and their onward march for world conquest.

When Meredith let it be known that he wanted to enter Mississippi University, Governor Barnett attempted to invoke the state's rights granted them under the Tenth Amendment of the Constitution of the United States of America, which states:

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the states are reserved to the states respectively, or to the people."

It can be said positively that no legal authority has ever been granted to the executive branch of the Federal government to manage or operate the educational institutions of the states. Yet some men in Washington believe that they can usurp that authority. While Barnett felt that his office of governor still had certain functions and duties and rights, the Federal Government seemed to want him to understand that this was an out-moded, old-fashioned idea. One wonders now if the next thing they will be doing is sending federal troops to see that men will be able to go to the Mississippi Women's College, without being discriminated against.

Governor Barnett stood his ground, and on three occasions when Federal marshals attempted to enroll Meredith, he refused them the right. He was then ordered to come to a Federal Court in the state of Louisiana. Why was it that a governor of a sovereign state was being subpoenaed out of his own state where he could be judged by a jury of his own peers and taken to another state, while a Federal Court existed within the confines of his own jurisdiction?

Was this a plot to seize him while away and hold him under arrest and separate him from his own police force and people? Governor Barnett refused to go, -- then "the fat was in the fire."

The President and his brother were ready to act in this election year before Governor Barnett had a chance to appeal his case through the due processes of law to the courts of

the land, even to the highest tribunal. The president, who could wait on Castro in Cuba, and could wait on Mr. Khrushchev in the Berlin, Laos and Vietnam crisis; could not now wait for any channels of legality to be followed through, in regard to the sovereign right of a governor who was a member of his own political party.

In the case of Barnett, the Kennedy Brothers intended to establish their power and their prestige by force. One could ask at this moment, why did they not use the same force against Fidel Castro and the Red troops entrenched in Cuba in violation of the Monroe Doctrine? One might ask, why could they not use force to arrest every Communist who has been running around the United States free, even though as of December 20th last year, they were ordered to register as agents of a foreign government or to be fined and placed in imprisonment? How come that these tens of thousands of Communists now freely travel up and down the land, appear on our campuses, and feel no ill effect from the Justice Department?

But the Kennedy Brothers must act, and even though the Lord's Day may be desecrated, the planned invasion of Mississippi was carried out on Sunday, September 30, 1962.

The governor of Mississippi had been promised that to avoid trouble, Mr. Meredith would be brought in by helicopter; but instead, he arrived in an auto surrounded with U.S. Marshals and Federal Troops. When they moved in on the campus, thousands of students rushed to look on, all at once, a "trigger-happy" marshal tossed a tear-gas bomb into the stomach of a young coed. The crisis now had started. The battle raged for hours, and when the smoke cleared away, two were dead, many injured and several hundred arrested. Who fired the shots that killed the two men? The government cannot find out. Would it not be wise that they begin to investigate whether these bullets could have come from some of their own forces? This tragedy was like unto that of the Boston massacre.

Not leaving well-enough alone, and to hurl insult upon injury, they moved troops containing many negro soldiers into the city of Oxford itself. The riots then resumed at the Court House Square. People wept! Flags were hung at half-mast. Martial law was on every hand, with even the sheriff being stopped and interrogated by Federal troops. There were many rumors of white women being molested by negro troopers; and citizens and people passing through on the main high-way being interrogated as if they were in a foreign nation.

The high-light of it all occurred on the second day when General Walker who held a distinguished combat record in the Aleutians, Italy, France and Korea was arrested by bayonet point while traveling through the streets of the city in his own automobile. No picture had appeared of General Walker participating in the riot, and had he done anything which would have been inflammatory, you might be assured that the New York left-wing press would have had a photo of it. If he had spoken out and said anything concerning his opinion of the situation, that was his sacred right, under freedom of speech.

It is not surprising that the orders for Walker's arrest and his incarceration as a political prisoner were issued by none other than Mr. Nicholas Katzenbach, Deputy Attorney-General, the highest Justice Department officer in the Oxford area. He was arraigned before U. S. Commissioner Omer D. Craig. His bond was set at \$100,000, which was an outrage when we realize that of the eleven others arraigned on sedition, three bonds were set at \$2,500.00 and eight at \$5,000.00.

This proved immediately that General Walker was merely being made a "political prisoner" by the Kennedy administration; for General Walker had spoken out quite clearly on the counter-insurgent troops who are being trained to shoot down patriotic citizens in time of crisis. He had spoken out quite plainly concerning Communist infiltration into our governmental and military forces. Yet to show the full miscarriage of justice, and the determination to destroy a popular General; one notes that the wheels of dictatorial

power were put into motion immediately. Through an attorney in the Justice Department of Washington by the name of Jack Rosenthal, the U. S. Commissioner in Oxford was ordered to fly General Walker to a United States Medical Center in Springfield, Missouri. The Center is used mostly for mental patients. This action along with the statement of the Commissioner on General Walker's mental condition, immediately placed a stigma on the name of this heroic General.

Was he examined by this commissioner? No! Yet Washington said that his past record showed him a paranoid. What was his past record? A good General in the United States Army! Had he not been, he would have been removed from office. He resigned from the military forces on his own terms; and his only crime is that he has opposed the Kennedys. He opposed the concentration of federal power into the hands of a few, and the outrageous conduct of the Communists both in government and military forces. He has spoken out forth-right, which every American has the right to do; but as also in the case of 'Westbrook Pegler', we note the present leaders of our government must be treated with dignity and decorum, and nothing must be said about them by the American citizens.

To take a political prisoner and fly him immediately away from the spot to which his friends would be going to give him financial and legal aid, and to rush him secretly by plane to another state, smacks of the same thing which has occurred under Naziism, Fascism and Communism in Europe, to political prisoners there. While his attorneys made ready to rush to Springfield and while an all-night vigil on the part of patriots throughout the nation, arousing many ministers out of their sleep, to gather together groups to pray for God's intervention that Walker might not be given the "Brain-washing" treatment during the night; while hundreds of patriots wired in their request that he be treated as a citizen and not as a political prisoner, and that the brain-washing tactics not be used against him; in Washington, the next political move was being made. He was now ordered to receive a thirty to ninety-day psychiatric examination and treatment. This action was in complete violation of the law!! This was a great miscarriage of justice! and showed the tremendous power that was being exerted to destroy this great American hero. But thank God, his attorneys, General Clyde Watts and Robert Morris of Dallas, former counsel of the House Committee on Un-American Activities were on hand. Thank God for patriots like them! who stood in the gap, when help was needed!

Watts informed General Walker if asked any questions by physicians or psychiatrists at the medical center, his answers should only be his name, rank and serial number; the same as an American soldier who had been captured.

Morris said, "I ask all citizens to examine what has happened today, because General Walker raised his voice in a cause not popular to all of us, he should not be subjected to this treatment. This is a suspension of the Bill of Rights. The treatment of Walker has introduced a new evil into the United States in the detention of political prisoners, and it is a sad hour for the United States if all that they are doing is true."

Knowing the menace of psycho-politics and brain-washing and the plot of the reds to destroy the minds and prestige of patriots, our office remained in close contact and co-operation with the patriots in the defending and protection of General Walker in Springfield, Missouri. These were nights when none of us had any sleep. Everyone feared that he might be destroyed, but enough pressure upon Bob Kennedy by congressmen and patriots throughout the land brought assurance that nothing would be done to General Walker unless it would be agreed upon by his own attorneys and himself.

Now Walker is out on reduced bonds of \$50,000, and is to meet with a government psychiatrist and one of his own choice in Dallas. Let us say here that if to lift our voice against the administration makes one a paranoid, then this is a tragic day for America and the plan set forth in the book "Brain Washing" is now being put into full force. While a heroic General was in a mental prison and is under constant fire by

certain segments of the press; the Algerian Red, Ben Bella on a mission here to participate in the fight to beat Red China in the United Nations; was entertained at our White House; and now in Cuba, has slurred the United States, and was royally treated by Castro. At the same time permission was given to the administration to give foreign aid to our Red enemies in Yugoslavia, Czechoslovakia and Poland. While a heroic General is out under bond; tens of thousands of Reds who are dedicated to destroy our nation, remain free to roam the streets of America, and Red Communist troops are continuing to land in the ports of Cuba.

If this hero, who believes in Christ and country, is in need of psychiatric treatment; then what we have seen going on in Washington, D. C.; and from what is being done there, one might guess that a great many national leaders must surely be in need of psychiatric treatment. From what we have seen in Washington in the past two years, one begins to wonder, 'What is sanity' !!

May God help us to overcome this drive towards centralized dictatorial power and the oppression of free speech by those who have forgotten the basic fundamental rights upon which our nation was founded.

Again this month, we shall be constantly on the firing line. We shall be doing everything within our power to keep on "carrying on". Even though I have been quite ill through it all, we have had tremendous success in meetings in Tennessee, and on my last Sunday the Knoxville City Auditorium was packed.

We are rejoicing in the victories that are being won, the souls that are being saved, the literature that is being distributed, and the awakening of the people.

I shall be going to Minnesota, Arizona, California, then to Tennessee, Michigan and Alabama before the year is up, if God grants me the strength. I ask that you uphold me in prayer, and that never for once will you let down your guards against the enemy, but that you will stand with every patriot fighting for the preservation of our republic, for "we must hang together, or shall hang alone."

To everyone sending in a contribution this month, and let me say that your help is greatly needed, we shall send a copy of a very informative book on "THE MENACE OF COMMUNISM" written by a Christian Patriotic leader in Michigan. I feel that this book will be of real value to you and to the cause.

Will you prayerfully consider this letter and then act at once so that there will be no delay, and that I may carry on, even under physical pressure, without the worry of finances.

May God's richest blessings be yours, and may He give you joy in the days ahead and the firm realization that in the end, we shall be victorious.

Sincerely yours, for Christ and America,

Kenneth Goff

My dear Congressman:

I have received your letter of March 2nd enclosing the copy of a sworn statement signed by Mr. Oliver Kenneth Goff.

Statements made by Mr. Goff have come to our attention in the past; however, this particular instrument pertains to fluoridation of water supplies and raises medical questions which are not within the province of this Bureau. Perhaps you will want to refer your inquiry to the Surgeon General, Public Health Service, Department of Health, Education and Welfare Building, Fourth Street and Independence Avenue, S. W., Washington 25, D. C., for what information he can give you.

The enclosure you furnished is being

returned.

Dear Sirs:

Recently a man spoke at one of our neighboring churches in our community on the subject of Communism. I attended this service with perhaps sixty or seventy other persons. In the news release about him he was announced as an excommunist who had voluntarily appeared before the Dies Committee in Washington D. C., with vital documents showing the conspiratorial aims and purposes of the Communist party in this country.

At the meeting he made a number of very alarming statements. Many of them were characteristic of Communist activities. Some of it was things I had read and heard in previous writings. However some of the things said would seem to me better unsaid. Widespread fear was in the audience following the lecture.

He sold four of his books for \$1.00. They are listed as \$1.00 a piece. I bought all four books for my own personal perusal. I have rather mixed emotions from my reading.

I am writing you to ask if you have any information you could give concerning Kenneth Goff, whose address is listed as Box 116, Englewood, Colorado. Thankyou.

Oliver Kenneth Goff

Dear Mr. Hoover:

I do appreciate your letter of March 5 although I did not express myself too clearly in my letter which I addressed to you on March 2.

We have had considerable correspondence with regard to the fluoridation issue. I have the views of the Department of Health, Education, and Welfare on this subject in my files. All that concerned me when I received what purported to be a letter to whom it may concern signed by one Oliver K. Goff was the authenticity of the letter and whether in fact Mr. Goff was known to be a member of the Communist Party and the Young Communist League from May 2, 1936, to October 9, 1939. I would also like to know whether there has been an FBI investigation of the allegations set forth in the letter.

I have received in my office numerous letters alleging that fluorides were used for the same purpose suggested by Mr. Goff, and I just wanted to know if there is any basis for these allegations.

Sincerely,

Congressman Baring wrote March 2nd and enclosed a copy of one of the sworn statements by Oliver Kenneth Goff which alleges that the fluoridation of water supplies is part of a communist plot. The Director wrote Congressman Baring March 5th and advised him that Goff's statements have come to our attention in the past but that this particular statement raises medical questions and he perhaps will want to refer his inquiry to the Surgeon General, Public Health Service.

By letter dated March 11th, Congressman Baring returned Goff's statement and stated that perhaps he had not expressed himself clearly. He stated he has received numerous letters concerning fluoridation and he is interested in the authenticity of Goff's claim that he was a member of the Communist Party and Young Communist League and would also like to know whether there has been an FBI investigation of the allegations set forth in this statement.

Bufiles indicate that Congressman Baring was elected to Congress 11-2-48 and has been re-elected to subsequent terms. He has had no associations with the criminal element and in November, 1961, requested that a Bureau representative contact him at which time he stated he felt that ultraliberals in and around Reno were deliberately wrecking established institutions.

Bufiles indicate that in 1952 Goff was considered to be a borderline psychopathic case. In recent years he has been lecturing throughout the United States against communism and has published several sensational books concerning his past Communist Party activities. He has been interviewed several times by the Denver Office and claims to have been a Communist Party member from 1936 to 1939. Goff was investigated by the Bureau in 1947 in connection with his activities with others in placing signs of a derogatory nature in front of the Russian Embassy in Washington, D. C. He was fined \$100 in U. S. District Court, Washington D. C., in February, 1948. During his interview in connection with that investigation he stated his action was prompted by

his recognizing former associates in the Communist Party entering the Russian Embassy. It is noted that this investigation also revealed close relationship between Goff and Gerald L. K. Smith. Smith has been investigated by the Bureau for Sedition and is the Director of Christian Nationalist Crusade an extremely anti-Negro and anti-Semitic organization which has been investigated by the Bureau. In 1957 the Department advised that the activities of this organization were not such to bring it within the purview of Executive Order 10450.

Our files do not indicate evidence substantiating the charges that fluoridation is part of a communist plot. On the specific request of a representative of the Surgeon General, Department of Health, Education and Welfare, we so indicated. Of course, the fluoridation controversy has been nationwide and the communist element has often been injected into it principally by right wing extremists. In the letter to Congressman Baring of March 5th we purposely avoided commenting on this topic.

OBSERVATION:

Since Goff's allegation is that fluoridation brings about a spirit of lethargy in the Nation, this is principally a medical question. It is believed that Congressman Baring should be contacted and this fact pointed out to him. He should be further advised of the general background of Goff.

RECOMMENDATION:

That someone in your (Mr. DeLoach) office contact Congressman Baring or a member of his staff and advise them as indicated above. The copy of the statement by Goff, which has come to our attention previously, should be returned at the time of this contact.

DATE: April 17, 1963

FROM : W. C. Sullivan

SUBJECT: KENNETH GOFF
INFORMATION CONCERNING

By personal letter dated April 10, 1963.

[redacted] furnished me the following information. He advised that he had learned from [redacted]

[redacted] that, during a recent speech in Topeka, Kansas, the captioned individual represented himself as a former FBI Agent, and claimed that communists had infiltrated extensively into various colleges in Kansas and Missouri. [redacted] advised that he is aware that Goff is "well known as a long-time professional anti-Semite and an associate of Gerald L. K. Smith," but that he is disturbed over Goff's claim to be a former Agent.

Goff, of Englewood, Colorado, has never been connected with the FBI in any capacity. Bufiles indicate that in recent years he has been lecturing throughout the United States on communism and that he has published several sensational books regarding his past communist activities. He has been interviewed several times by the Denver office, which describes him as a borderline psychopath, and claims to have been a Communist Party member from 1936 to 1939. When interviewed on October 10, 1960, Goff denied ever making any statements which would lead anyone to believe that he had formerly been employed by the Bureau. He was investigated by the Bureau in 1947 for placing derogatory signs in front of the Soviet embassy, Washington, D. C., and was fined \$100 in February 1948 for this offense. This investigation revealed a close relationship between Goff and Gerald L. K. Smith, Director of the anti-Negro and anti-Semitic Christian National Crusade. (62-80382)

A letter advising [redacted] that Goff has never been connected with the FBI in any capacity is enclosed. Dear Mr. Sullivan:

The [REDACTED]
the [REDACTED] has just called me about a man named
Kenneth Goff. Mr. Goff in a speech at Topeka, Kansas, indicated
that he was a former FBI agent. From this knowledge he then
stated that there were Communists on the faculty of Pittsburgh
State Teachers College at Pittsburgh, Kansas, Kirksville State
Teachers College at Kirksville, Missouri, and Cottey College in
Nevada, Missouri. Mr. Goff is well known as a long-time profes-
sional anti-Semite and an associate of Gerald L. K. Smith. I do
not pass this information to you with any idea that you can help
the minister or the faculty members at the schools, but I am dis-
turbed for the FBI that such a man is by any token able to identify
himself with your agency. As you can well guess, I am extremely
dubious that he has ever been in the FBI. If you do think of any
way that you can help counter this man's activities, I shall appre-
ciate it deeply.

He furnished five pamphlets of the Cinema Educational Guild, Inc., namely: UNESCO Tract, "Red Stars" Tract, UN Tract No. 1, UN Tract No. 2 and "World Court" Tract. Copies of each have previously been furnished to the Bureau. Kenneth Goff claims to have been a member of the Communist Party prior to 1939 and in recent years has been touring the country lecturing on communism. The Denver Office has described Goff as a borderline psychopath. Goff was interviewed by the Denver Office 10-10-60. Mr. J. Edgar Hoover, Director

Dear Sir:

I know that you are awfully busy, but there is something I must know as I am very concerned with this matter.

I am 29 years old and am very proud to be a citizen of this great country. But there has been something given to me that I would like straightened out for me if you can. There has been several pamphlets given me that tell of communists in our country and how the U. N. is bad and other matters which I am a little skeptic about.

If it is at all possible would you tell me if these kind of pamphlets are true or whether they are just the opposite and are harmful and I will refuse anymore of them.

Another matter of great concern to me is a fellow by the name of Kenneth Goff. This man was suppose to of been a former communist and suddenly turned against the party and is going around the country spreading the so-called truth to everyone that is interested. I am not sure like so many of my friends that this man is what he claims to be. I think he is still a communist and is ~~pulling~~ really pulling the wool over the eyes of so many. 152

I love this country of ours and am willing to die for it and that is why I am writing to you like this. **REC- 58 62-80382-152**

please advise me on this matter and also the pamphlets as soon as possible?

KC 100-11627

He said [redacted]

[redacted] which
is an All Girls 2-year Junior College. An individual
known as [redacted]

[redacted] had reported
to [redacted] that GOFF had spoken at a meeting in
Topeka, Kansas sometime last Fall, and allegedly
had made statements to the effect that there was a
communist cell in operation at Cottey College, in
Nevada, Missouri, and that GOFF knew what he was
talking about as he had formerly worked in some capacity
for the FBI in investigations of communism..

[redacted] said [redacted] had contacted him concerning
these allegations of GOFFs about Cottey College, and requested
that he investigate to determine whether they were true
or not. [redacted] also told him that [redacted] had contacted
the President of the College and requested [redacted]
[redacted] to conduct an investigation on the campus also, and
independently of [redacted]

[redacted] explained his church is located just off
the campus of Cottey College, and that many of the college
students, as well as faculty members attend his church,
and he has become well acquainted with a number of them
for which reason [redacted] asked his help.

He said through contacts he has on the campus,
he is firmly convinced there is no communist cell there,
and that there are no members, or representatives, of
the Soldiers of the Cross, either among the faculty or
the students. He said it would be highly unlikely that
anyone could influence students there through communist
propaganda, as all students attend for only a two year
period, and are all from many scattered locations, and
are all "screened" as they are from rather prominent
and in many cases, well to do families. The school is
sponsored by the P. E. O. Sisterhood, some of whose
members must have attended the meetings at Topeka, or
heard them, since they brought up the subject at a recent
meeting of the Cottey College Trustees, which took place
in Chicago, Illinois.

He advised that he had communicated with [redacted]
[redacted] who is a long time friend, for
advice about this case, since [redacted]
[redacted] but did not intend to convey the impression
he had heard any statements made by GOFF.

[redacted] told him GOFF was a vicious anti-semitic,
who is associated with, or copies from GERALD L. K. SMITH, *no hoe*
and who publishes and distributes literature which is
inflammatory and anti-semitic in nature, and which is
also not based on any truth whatsoever.

On April 26, 1963. [redacted]

[redacted] advised SA [redacted]
[redacted] that he has a copy of a letter from KENNETH GOFF,
Director, Soldiers of the Cross, National Headquarters,
125 South Sherman, Englewood, Colorado, which is addressed
to [redacted]
which is apparently an answer to an inquiry made of him
by [redacted] an officer of the P. E. O. Sisterhood. The
letter reflects that to quote GOFF "The charges I made
concerning the communism and communist cells in various
educational institutions of Missouri, I have repeated
on a number of occasions, including meetings at Nevada,
Missouri from time to time. You may have noted the left-
word trend in these institutions recently, but I wouldn't
dare name a single communist, accept in court, or an
un-American Activities Committee, or such Committee, after
its establishment in the State of Missouri. PS - We have
a group of Soldiers of the Cross operating among the
students of Cottey College."

[redacted] said the letter refers to four
meeting GOFF had conducted at Topeka, Kansas, on
November 16, 1962. One was a breakfast for local
businessmen presumeably, one before Social Studies
Classes of Topeka, Kansas High School, one at the
Washington University, Topeka, Kansas, and one open
meeting that night at the Kansas State Teachers Building,
Topeka, Kansas.

One or more of the meetings had been attended
by [redacted]
[redacted]

KC 100-11627

During the question and answer period, [] asked GOFF whether he actually had specific information concerning the operation of communists in any of the area schools. GOFF replied to the effect, he knew there were communist cells operating on the campuses of the Kansas State College, Pittsburg, Kansas, Kansas, Cottey College, Nevada, Missouri, and the Northeast State Teachers College, Kirksville, Missouri. He also allegedly said Communism had been started or Missouri influenced on the campus at Cottey College through the Austrian Phychiatrists at the State Hospital #3, Nevada, Missouri, where there were active communist sales in operation among the doctors and attendants at the hospital.

MO 5-30-63
[] said he had contacted [] and discussed these allegations with him. [] denied all allegations and said there was no communist activity of any sort at the hospital, and if there were, he does not comprehend how the phychiatrists could be influencing the Cottey Students, since they are very busy, just trying to influence the patients.

[] said that according to his information through [] been quite impressed with GOFF, and he said GOFF told him he was formerly a member of the communist party in the south and had worked with J. EDGAR HOOVER on numerous occasions, investigations of communism.

On May 27, 1963, [] advised SA [] that he was present during November 1962, at Topeka, Kansas, when Speeches were made in Topeka, by KENNETH GOFF. He said that to the best of his recollection, GOFF never actually said that he was employed by the FBI, or that he was an agent of the FBI. He said GOFF's statements as he recalled them, were to the effect, that he, GOFF, had worked with the FBI, on numerous occasions uncovering Communists. He said that GOFF related that he had worked on several cases with J. EDGAR HOOVER, in uncovering Communists, and his statements were more to the effect that the FBI had used him or information supplied by him, to discover communists in the United States.

KC 100-11627

[redacted] was advised by SA [redacted] on May 27, 1963, that KENNETH GOFF has never been connected with the FBI in any capacity.

It is suggested that the Denver Division contact GOFF and warn him to cease any remarks, which imply that he was working in conjunction with, or under the sanction of the Federal Bureau of Investigation.

No further investigation is being conducted by the Kansas City Division, at this time.

Dear Mr. Hoover,

A Dr. Kenneth Goff of Englewood, Colorado is scheduled to speak in our area tonight and tomorrow.

Mr. Goff advertises himself as a member of the Communist party 1936-1939 under the name of John Keats.

He is sponsored by a group which is often a negative disruptive influence. His announced topics are "What's Behind the Assassination?" and "The Communist Conspiracy to Overthrow Our Government."

I would appreciate any background you can give on this man, since our churches and Tuscarawas County Ministerial Association are increasingly under pressure from the group sponsoring Dr. Goff.

We can also use authentic information about [redacted] and the American Council of Christian Churches as claimed leaders of the Anti-Communist cause in America.

On January 7, 1963, Goff spoke before the National States Rights Party, at which time he alleged that there is a conspiracy between the Jews and communism.

In October, 1963, according to another confidential source, Kenneth Goff attended a meeting in Indianapolis, Indiana of the Constitution Party.

A characterization of the Constitution and National States Rights Party is attached hereto, and the sources mentioned therein have furnished reliable information in the past.

Also at the Constitution Party meeting held in Indianapolis in October, 1963, J. A. Milteer of Miami, Florida, was present.

A confidential source advised on November 9, 1963, that Milteer advised that plans were in the making to kill President John F. Kennedy at some future date. (This specific information had been furnished to the U. S. Secret Service, Miami, Florida.)

Goff, in a signed affidavit prepared March 29, 1958, stated that he had been a member of the Communist Party (CP) and the Young Communist League (YCL) from May, 1936 to October, 1936.

NATIONAL STATES RIGHTS PARTY (NSRP)

On November 26, 1957, a source advised that the United White Party (UWP) was organized at a convention held in Knoxville, Tennessee, on November 10, 1957. An article in the November 26, 1957, issue of the "Greenville Piedmont," a newspaper of Greenville, South Carolina, reported that a "Ku Klux Klan spokesman of Greenville reported the recent formation of a new political party to be known as the United White Party." According to the article, the party was formed at a recently held meeting in Knoxville, Tennessee, at which many Klansmen were represented. The UWP was reported as being opposed to all "race mixing organizations and individuals."

The July, 1958, issue of "The Thunderbolt," self-described as the "official Racial Nationalist Organ of the National States Rights Party (NSRP)" reported that rank and file "States Righters" had merged with the UWP under "the banner of the National States Rights Party" with national offices at Post Office Box 261, Jeffersonville, Indiana.

In November, 1958, a source advised that the NSRP is composed of past members of the Ku Klux Klan and notorious anti-Semites.

Issue #19, dated June, 1960, of "The Thunderbolt" announced the address of the headquarters of the NSRP had been changed from Jeffersonville, Indiana, to Post Office Box 783, Birmingham, Alabama.

The March, 1959 issue of the "Anti-Defamation League Bulletin" contained an article by Jerome Bakst entitled "Angry Young Men of Hate." Regarding Edward R. Fields, the article stated "Fields, 26 years old and a Louisville chiropractor, is a key figure in the National States Rights Party and coordinator of all its activities, contacts and liaison with leaders of other hate groups. He apparently started Jew-baiting in his teens, aided Stoner in the Christian Anti-Jewish Party, and got involved in newspaper notoriety while attending chiropractory school in Davenport, Iowa. There, early in 1954, according to newspaper reports, he pasted anti-Jewish stickers on store windows during Brotherhood Week."

Dear

Your letter of March 19th has been received.

While the files of the FBI must be maintained as confidential as I advised you in my letter of March 13th, you may wish to know that neither Mr. Kenneth Goff nor has ever been employed by the FBI nor have they ever been connected with this Bureau in any way whatsoever. In addition, neither of these individuals has access to any information contained in our files. Their opinions are strictly their own and do not represent the FBI.

The Communist Party in this country has attempted to infiltrate and subvert every segment of our society. However, the Party's efforts are being thwarted by the FBI's internal security programs, by investigation, arrest and prosecution of Party functionaries, and by widespread, intelligent public opposition to the communist philosophy. These achievements are being accomplished through legal, orderly procedures.

Despite the above, the world communist conspiracy and its advocates in the United States continue to operate against the welfare of our country. It is important that our citizens educate themselves concerning the true nature of this atheistic philosophy in order that they will be able to resist its eroding influence. At the same time, opposition to communism must be careful and constructive, and kept within the due process of law. It is not enough to be merely against communism. We should exhibit in positive ways the superiority of our form of government over any foreign ideology.

The former was written with the hope that it would help Americans gain an insight into the true nature of the communist conspiracy in this country. The latter contains an analysis of international communist practices and contrasts totalitarian methods with life in a free country. These books may be available at your local library.

Mr. J. Edgar Hoover
Federal Bureau of Investigation

Dear Mr. Hoover,

On March 5 I wrote requesting pertinent information about a Dr. Kenneth Goff and [redacted] who are spreading suspicion and mistrust in this area.

I respect your reply of March 13 that F.B.I. files are confidential and for official use only. I wouldn't want it any other way.

BUT HOW IN THE WORLD does one answer men like these who profess to find subversives behind every bush, and who, by implication (seldom do they quote directly) leave the impression that they base their case on F.B.I. information? One, indeed, claims to have been with the F.B.I. for a time.

It would help those of us who despise Communism, and with equal vigor deplore the sort of "professional anti-communism" represented by such as the above, if somehow we could find out just who these men are and what their background has been.

As it is they go along unmolested and unchallenged, setting neighbor against neighbor and even minister against minister, all in the name of patriotism and religion.

Sincerely,

Dear Mr. Hoover:

I know your organization is an investigation institution and that is why I am seeking Information on Kenneth Goff and his school at Englewood, Colorado. Is it connected with any subversive organization?

The reason, I request the information is that my son has been awarded a scholarship to the school.

I understand Mr. Goff was a Communist back in the 1930's. He defected and gave his testimoney to the Dies Committee. Any information you can give me on Mr. Goff and his school as to whether it would be a good place for a teen age boy or not would be appreciated. Thank you. J

Milwaukee letter dated 8/3/53, made reference to a Milwaukee letter to the Director dated 7/1/53 which stated that Matt Banovec (100-402489) had advised that a co-worker of his, Irving Brownndt, Hustler, Juneau County, Wisc., had attended the East Nekoosa Church, vicinity of Wisconsin Rapids, Wisc., where an unidentified crippled minister conducted the service, allegedly stating that he knew of a nearby communist cell. The minister later identified the town as Friendship, Wisc.

Investigation in the Wisconsin Rapids area revealed that the statements were made during a speech given by Kenneth Goff, a former member of the CP and a former informant of the Milwaukee Office. It appeared that Goff, who now resided at Englewood, Colo., made a speaking tour through that area of Wisconsin in March, 1953, appearing in several cities before members of the Assembly of God Churches.

Goff stated that he had mentioned communist cells in various places in Wisconsin. One of the cells was south of Owen, Wisc., which was directed by the father of Elmer Lucterhand (phonetic) who also used the name of Loutner. Elmer was at one time an official of the CP in Wisconsin, and his sister, Esther, was a member of the CP. Recently Goff advised that Elmer Loutner joined the Jehovah's Witnesses organization to use that group as a screen for his CP activity.

Goff stated there was also a cell located at Rice Lake, and was headed by a man whose name was H. Olson. There was a cell in Madison, headed by Cederic Parker. He stated that there were cells operating in the Ashland area and led by various Finnish Nationalists whose names he did not recall.

Goff stated that during his tour he came across a woman named Doris La Bundy Eberhart, as well as a man whose last name was Lyons, both of whom were quite active in endeavoring to foment strikes in the Beloit area. Goff believed that the two individuals were working under the direction of the CP. He stated that the conclusion was made by his observation while he was in that city.

Mr. J. Edgar Hoover
Care of: The FBI
Washington, D.C.

Dear Mr. Hoover:

A booklet on Communism has been brought to my attention, and I am interested in it because of a reference made to my church. Would you kindly advise me whether or not this is a reliable source, and whether or not I may safely order one without getting my name on a Communism mailing list. The booklet is:

BRAINWASHING: A SYNTHESIS OF THE RUSSIAN TEXT-BOOK ON PSYCHOPOLITICS

by Kenneth Goff

Address: P.O. Box 116
Englewood, Colorado

This, I am told, is an expose of Communism by a reformed Communist.

May I again express my appreciation to you for your faithful and devoted service to our country. I know of no one to whom we may ever owe so much.

Thank you, and

Cordially,
